Notification No. 2241—Banks, dated 18th June 1918.

To

The Gazetted and other Officers drawing Salary Bills.
The Heads of Offices, and the Deputy Commissioners.

Adverting to Government Notification No. Fl. 7634—G. F. 209-17-37, dated 10th June 1918, sanctioning certain concessions to Government employees to help them in investing their savings in the Second Indian War Loan, the undersigned has the honor to issue the following instructions regarding the procedure to be followed in paying the first and subsequent instalments towards the loan applied for by subscribers.

2. The first instalment payable for the War Bonds 1921, 1923, 1925 and 1928 is 5 per cent of face value of the security applied for and this amount may be paid either in cash or by deduction from the pay of the applicant. The payment should in either case be made on or before the 14th September 1918. The treasuries will not receive any amounts, whether in cash or by deduction from pay bills, after the 14th September 1918.

3. Subscriptions cannot be made for fractions of Rs. 100.

4. Applications for subscribing to the loan should, in the case of cash payments of the 1st instalment, be presented to the treasury with the amount due. The treasury will give to the applicant a receipt for the amount paid by him and forward his application to this office.

5. When payment of the first instalment is made by deduction from the pay of the applicant a separate statement showing particulars of deductions from each individual's pay should be attached to establishment pay bills. But in the case of bills of gazetted and other officers who draw their own salary bills, it is sufficient if the deduction is clearly noted in them and the submission of separate statements of deductions is not necessary. The applications for subscribing to the loan should be attached to the bills in which deductions on account of the first instalment are made and the treasuries cashing such bills will endorse the fact of payment on the applications and submit them to this office on the very day on which they are presented to them.

6. The remaining 23 instalments should be paid by deduction from the pay of subscribers commencing from the pay for the month subsequent to that in which the first instalment is made; for example, if the 1st instalment is paid in cash in June 1918 the deduction from salary begins from July 1918 and the last payment will be made by deduction from the pay for May 1920. Particulars of these deductions should also be shown either on the bills themselves as in the case of gazetted officers or in separate schedules attached to establishment bills.

7. Printed forms of application (*vide* para 4 *supra*) and statement of deductions (*vide* para 5 *supra*) may be obtained from treasuries.
